Profiles

🔗 Caleb-kipkazi

Summary

Recent **Software Engineering graduate** from the University of Eastern Africa, Baraton, with strong skills in **web and mobile development**. Experienced in building full-stack applications using **React Native, React.js, Node.js/Express, and MongoDB/MySQL**. Completed my attachment at the **Communication Authority of Kenya**, gaining hands-on experience in technical problem-solving, teamwork, and effective communication. Passionate about leveraging technology to deliver innovative solutions, and eager to apply my skills and grow further through an internship opportunity.

Experience

Communications Authority Of Kenya
Attachee

2nd May 2025-31st July 2025
Nairobi, Westlands

- Developed and maintained an **Inventory Management System (IMS)** to support organizational operations.
- Assisted in troubleshooting and maintaining ICT systems including databases and network infrastructure.
- Collaborated with team members to improve workflow efficiency and ensure accurate technical documentation.
- Gained practical exposure in software development, problem-solving, and teamwork within a professional environment.

Education

University of Eastern Africa, Baraton
Bachelor Of Science In Software Engineering
